

## **iLines High-Speed Acceptable Use Policy**

**Important Note:** iLines may revise this Acceptable Use Policy ("AUP") from time to time without notice by posting a new version of this document on the iLines Web site at <http://www.iLines.net>. All revised copies of the Policy are effective immediately upon posting. Accordingly, customers and users of the iLines High-Speed Internet Service should regularly visit our web site and review this Policy to ensure that their activities conform to the most recent version. In the event of a conflict between any subscriber or customer agreement and this Policy, the terms of this Policy will govern. Questions regarding this Policy and complaints of violations of it by iLines customers and users can be directed to [www.ilines.net/contact-us.html](http://www.ilines.net/contact-us.html).

It is iLines intent to provide our customers with the best High-Speed Internet service possible. In order to accomplish this task, we have adopted this Acceptable Use Policy. This Policy outlines acceptable use of the High-Speed Internet service, as well as permissible and prohibited conduct for using the Service to access the Internet.

It is the responsibility of all iLines High-Speed Internet customers and all others who have access to iLines network, to comply with this AUP and all iLines policies. As a Service customer, it is your responsibility to secure your computer equipment so that it is not subject to external threats such as viruses, spam, and other methods of intrusion. Failure to comply with these or any other iLines policies could result in the suspension or termination of your Service. If you do not agree to comply with all of these policies including the AUP, you must immediately stop use of the Service and notify iLines so that your account may be closed.

**Note:** iLines reserves the right to immediately terminate the Service and the Subscriber Agreement if you engage in any of the prohibited activities listed in this AUP or if you use the iLines Equipment or Service in a way which is contrary to any of iLines policies. You must strictly adhere to any policy set forth by another service provider accessed through the Service.

Prohibited uses include, but are not limited to, using the Service, Customer Equipment, or the iLines Equipment to:

- i. undertake or accomplish any unlawful purpose. This includes, but is not limited to, posting, storing, transmitting or disseminating information, data or material which is libelous, obscene, unlawful, threatening, defamatory, or which infringes the intellectual property rights of any person or entity, or which in any way constitutes or encourages conduct that would constitute a criminal offense, give rise to civil liability, or otherwise violate any local, state, federal or international law, order or regulation;

- xxiii. violate the rules, regulations, or policies applicable to any network, server, computer database, or Web site that you access.

**SECURITY**

You are responsible for any misuse of the Service, even if the misuse was committed by a friend, family member, or guest with access to your Service account. Therefore, you must take steps to ensure that others do not use your account to gain unauthorized access to the Service by, for example, strictly maintaining the confidentiality of your Service login and password. In all cases, you are solely responsible for the security of any device you choose to connect to the Service, including any data stored or shared on that device. ILines recommends against enabling file or printer sharing unless you do so in strict compliance with all security recommendations and features provided by ILines and the manufacturer of the applicable file or printer sharing devices. Any files or devices you choose to make available for shared access on a home LAN, for example, should be protected with a strong password or as otherwise appropriate.

**INAPPROPRIATE CONTENT AND TRANSMISSIONS**

ILines reserves the right, but not the obligation, to refuse to transmit or post and to remove or block any information or materials, in whole or in part, that it, in its sole discretion, deems to be offensive, indecent, or otherwise inappropriate, regardless of whether this material or its dissemination is unlawful. Neither ILines nor any of its affiliates, suppliers, or agents have any obligation to monitor transmissions or postings (including, but not limited to, e-mail, newsgroup, and instant message transmissions as well as materials available on the Personal Web Pages and Online Storage features) made on the Service. However, ILines and its affiliates, suppliers, and agents have the right to monitor these transmissions and postings from time to time for violations of this Policy and to disclose, block, or remove them in accordance with the Subscriber Agreement and any other applicable agreements and policies.

**ELECTRONIC MAIL**

The Service may not be used to send unsolicited bulk or commercial messages and may not be used to collect responses from unsolicited e-mail sent from accounts on other Internet hosts or e-mail services that violate this Policy or the acceptable use policy of any other Internet service provider. Moreover, unsolicited e-mail may not direct the recipient to any Web site or other resource that uses the Service. Activities that have the effect of facilitating unsolicited commercial e-mail or unsolicited bulk e-mail, whether or not the e-mail is commercial in nature, are prohibited. Forging, altering, or removing electronic mail headers is prohibited. You may not reference ILines or the ILines network (e.g. by including "Organization: ILines" in the header or by using an IP address that belongs to ILines or the ILines network) in any unsolicited e-mail even if that e-mail is not sent through the ILines network or Service.

ILines is not responsible for deleting or forwarding any e-mail sent to the wrong e-mail address by you or by someone else trying to send e-mail to you. ILines is also not responsible for forwarding e-mail sent to any account that has been suspended or terminated. This e-mail will be returned to the sender, ignored, deleted, or stored temporarily at ILines' sole discretion. In the event that ILines believes in its sole discretion that any subscriber name, account name, or e-mail address (collectively, an "identifier") on the Service may be used for, or is being used for, any misleading, fraudulent, or other improper or illegal purpose, ILines (i) reserves the right to block access to and prevent the use of any such identifier and (ii) may at any time require any customer to change his or her identifier. In addition, ILines may at any time reserve any identifiers on the Service for ILines' own purposes.

**NETWORK, BANDWIDTH, DATA STORAGE AND OTHER LIMITATIONS**

ILines may provide versions of the Service with different speeds and bandwidth usage limitations, among other characteristics, subject to applicable Service plans. You shall ensure that your use of the Service does not restrict, inhibit, interfere with, or degrade any other user's use of the Service, nor represent (in the sole judgment of ILines) an overly large burden on the network. In addition, you shall ensure that your use of the Service does not restrict, inhibit, interfere with, disrupt, degrade, or impede ILines' ability to deliver and provide the Service and monitor the Service, backbone, network nodes, and/or other network services.

You further agree to comply with all ILines network, bandwidth, and data storage and usage limitations. You shall ensure that your bandwidth consumption using the Service does not exceed the limitations that are now in effect or may be established in the future. If your use of the Service results in the consumption of bandwidth in excess of the applicable limitations, that is a violation of this Policy. In such cases, ILines may, in its sole discretion, terminate or suspend your Service account or request that you subscribe to a version of the Service with higher bandwidth usage limitations if you wish to continue to use the Service at higher bandwidth consumption levels.

**VIOLATION OF ACCEPTABLE USE POLICY**

ILines does not routinely monitor the activity of Service accounts for violation of this AUP. However, in our efforts to promote good citizenship within the Internet community, we will respond appropriately if we become aware of inappropriate use of our Service. Although ILines has no obligation to monitor the Service and/or the network, ILines and its suppliers reserve the right at any time to monitor bandwidth, usage, transmissions, and content from time to time to operate the Service; to identify violations of this Policy; and/or to protect the network, the Service and ILines users.

ILines prefers to advise customers of inappropriate behavior and any necessary corrective action. However, if the Service is used in a way that ILines or its suppliers, in their sole discretion, believe violate this AUP, ILines or its suppliers may take any responsive actions they deem appropriate. These actions include, but are not limited to, temporary or permanent removal of content, cancellation of newsgroup posts, filtering of Internet transmissions, and the immediate suspension or termination of all or any portion of the Service. Neither ILines nor its affiliates, suppliers, or agents will have any liability for any these responsive actions. These actions are not ILines' exclusive remedies and ILines may take any other legal or technical action it deems appropriate.

ILines reserves the right to investigate suspected violations of this AUP, including the gathering of information from the user or users involved and the complaining party, if any, and examination of material on ILines' servers and network. During an investigation, ILines may suspend the account or accounts involved and/or remove or block material that potentially violates this Policy. You expressly authorize ILines and its suppliers to cooperate with (i) law enforcement authorities in the investigation of suspected legal violations, and (ii) and system administrators at other Internet service providers or other network or computing facilities in order to enforce this Policy. This cooperation may include ILines providing available personally identifiable information about you to law enforcement or system administrators, including, but not limited to, username, subscriber name, and other account information. Upon termination of your account, ILines is authorized to delete any files, programs, data and e-mail messages associated with your account.

The failure of ILines or its suppliers to enforce this AUP, for whatever reason, shall not be construed as a waiver of any right to do so at any time. You agree that if any portion of this Policy is held invalid or unenforceable, that portion will be construed consistent with applicable law as nearly as possible, and the remaining portions will remain in full force and effect.

You agree to indemnify, defend and hold harmless ILines and its affiliates, suppliers, and agents against all claims and expenses (including reasonable attorney fees) resulting from you engaging in any of the prohibited activities listed in this AUP or resulting from your violation of the AUP or of any other posted ILines policy related to the Service. Your indemnification will survive any termination of the Subscriber Agreement.
